

PMK-02

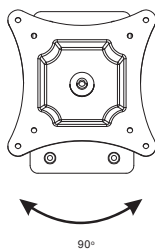

Rugged high-grade steel and die-cast aluminum display mount with three axis pivot perfect for tricky display installations.

Without the use of any tools, the durable PMK-02 pivot allows for effortless viewing adjustments. Supporting displays up to 6.7 kg, the VESA compatible PMK-02 allows for a complete 360° rotation of the display as well as a 90° left and right swivel, providing the optimum viewing angle for any environment.

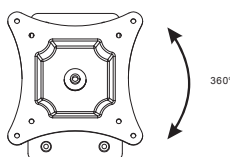

- > No tools required for adjustments
- > Rotate display 360°
- > Swivel left and right of 90°
- > Tilt upwards and downwards of 35°
- > Compatible with VESA standard
- > Weight capacity: 3.5 kg ~ 8.5 kg (7.7 lbs ~ 18.7 lbs)

Pivot the display up and down over a total angle of 35°

Pivot the display left and right over a total angle of 90°

Rotate the display over a complete 360°
